CITY MANAGERS' ASSOCIATION

1812 TRIBUNE BUILDING

NEW YORK

Volume II. Number 12. December, 1920

PROGRESS REPORTS

Every city manager whether a member of the City Managers' Association or not, is cordially invited and respectfully urged to send in a brief progress report for publication in our Seventh Yearbook.

These reports may vary in form and, so far as possible, should show wherein the new plan is better than the old. Statements of facts can well come from the manager personally, but opinions as to how the plan is regarded by the citizens, are more effective in the form of quotations from leading business men or Chamber of Commerce secretaries. Newspaper clippings and annual reports areof value, but it is difficult for the Association secretary to boil down a volume into a half page and bring out the most important points.

There are now nearly 200 managers. We plan to publish the Yearbook when reports have been received from 100. Undoubtedly many cities will be omitted as heretofore, but the executive committee is anxious that no city of any importance be overlooked. If your town is in this latter class, kindly forward your report at once.

YEARBOOK ADVERTISING

The contracts already received for advertising in our Seventh Yearbook are most encouraging. Several members have not yet forwarded to the secretary the list of firms recommended for space. Additional copies of the circular letter will be sent upon request. The city of Sault Ste. Marie has repeated its two page advertisement.

NATIONAL MUNICIPAL REVIEW FOR 1921

As announced in our November issue, arrangements have been made to include a year's subscription to the National Municipal Review among the "benefits" due to our members and subscribers. As last year, this magazine will be sent upon receipt of the 1921 dues, and except in a few cases where special arrangements have been made, the subscription will start with the issue for January 1921, since the subscription granted this past year started with the issue for January 1920. This means that members and subscribers whose Association dues mature later in the year, will not receive the Review until such payment is made, as the Association is required to pay in advance. Consequently, those of you who wish to receive the Review without interruption, may do so by forwarding your 1921 dues at this time, at least $5.00 as payment thereon. In every case due credit will be given on the Association books.

CITY MANAGER MUNICIPALITIES

Attached to this bulletin is the tabulated data prepared for publication in our Seventh Yearbook. It is being sent to all city managers with the request that the secretary be notified of corrections and additions that should be made.

Graham, Tex., and Ferndale, Mich., during this past year, have adopted commission charters with the position of manager optional, depending upon the wish of the commission.

Watertown, N.Y. The 1921 budget prepared by City Manager C. A Bingham has been passed. The form is which this budget was prepared and presented is unique, and copies may be obtained upon request.

ASSOCIATION FINANCES

The financial statements of the C.M.A.will be published in the Seventh Yearbook in full. In the meantime the following condensed comparative statements are presented.

Secretary	O.E.Carr	O.E.Carr	W.L.Miller	H.G.Otis	H.G.Otis	H.G.Otis

Total	$105.00	$568.58	$572.74	$1057.12	$2035.30	$3284.75

Several points of interest may be noted , particularly the increase in receipts. Associate membership was created in 1919, and for the past two years receipts from dues have been divided nearly equally

between associate and active members. As to advertising, the present method of securing the cooperation of members was instituted in 1919 with noticeable effect. Sales for the past three years have been built up by careful circularizing.

Under disbursements, the expenditures for personal service cover all stenographic and clerical assistance, including convention reporting and allowance made the secretary which in 1919 amounted to $240., and in 1920 to $500. The increase in printing beginning with 1919, has been due to substituting the larger Yearbook for the smaller Proceedings, and to publishing the monthly bulletins. Under "subscriptions and sundries" the expenditures for 1919 included the purchase of books which were sent to every member, and in 1920 covered subscriptions to the National Municipal Review. In spite of the greatly increased service thus rendered to members, the year 1920 closed with a cash balance of $326.93.

Murfreesboro, Tenn. Population 5,935. R. E. Lowe is Murfreesboro's first city manager.

San Angelo, Tex. R. H. Henderson has resigned as mayor to accept the position of city manager to which he was appointed Nov, 19th. He succeeds E. L. Wells, Jr. Who had served for four and a half years.

Stamford, Tex. Homer D. Wade, a chamber of commerce secretary and newspaper man, has been appointed manager to succeed H. J. Bradshaw. Mr. Wade is Stamford's third manager; his salary is $4800.

Radford, Va. Paul J. B. Murphy, formerly superintendent of public works at Clifton Forge, Va., and an associate member of the City Managers' Association, is Radford's first city manager; salary $3300.

* * * * *

Tallahassee, Fla. J. W. Greer, city manager, has declined an attractive offer to become manager of a neighboring city, and his salary has been increased to $5000.

OPENINGS

The following openings reported in the November bulletin are still vacant so far as known. The dates indicate whch the plan becomes effective in case a manager is not wanted at once. Corrections will be appreciated. Pasadena, Calif. (May 1921); Colorado Springs, Colo. (April 1921); New Smyrna, Fla; Tampa, Fla.; Brunswick, Ga.; Decatur, Ga.; Shenandoah, Ia.; Winfield, Kans. (April 1921);Mansfield, Mass.; Middleboro, Mass. (Feb. 1921); Bay City, Mich. (April 1921); Otsego, Mich. (?); Newburgh, N.Y. (?); Thomasville, N.C. (?); Lima, Ohio, January 1922; Sumter, S.C.; Brownwood, Tex. (?).

Martinez, Calif. Population 2,705. The city manager form of government has been adopted according to a recent issue of Pacific Municipalities; confirmation has not been received.

Sacramento, Calif. Population 75,000. By vote of 7900 to 1587, better than 5 to 1, Sacramento adopted a commission-manager charter, with proportional representation on November 30th. The first council will be elected on May 3, 1921, the new plan becoming effective July 1st.

Manistee, Mich. Population 9,690. The resignation of P.H. Beauvais creates a vacancy in the managership. Mr. Beauvais' salary has been $4000.

* * * * *

Orange City, Ia., is not operating under the manager plan as announced in our last bulletin.

Alliance, Nebr. and Mt. Pleasant, Mich. vote on commission manager charters early in January.

Traverse City, Mich., has voted to revise its commission charter, and a commission-manager amendment will be submitted in the spring.

Eureka, Calif. and Branford, Ct., have recently decided against the adoption of the manager plan.

Auburn, Me. and Akron, Ohio. are passing through the usual flurry caused by the desire of malcontents to return to the "good old days".

Muskegon, Mich. City Manager Ellison has adopted a system of publishing monthly reports. Local papers are making favorable comment upon his administration.

Sallisaw, Okla. The administration of Manager Fred. E. Johnston is given a splendid endorsement in a recent issue of the Fort Smith, (Ark.) Times Record.

Watervliet, N.Y. Henry E. Gabriels, the new city manager, is also serving as city engineer, the combined salary being but $8600, which means a saving of some $3000 to the city.

Tyler, Tex. City Manager E.J. Grasser has installed a modern fifteen ton rock crusher as an aid to his paving projects.

Cleveland, Ohio. Efforts are being made to secure a vote on the commission manager plan May 1st. 1921.

Supplement to the City Manager Bulletin, December 1920.

CITY-MANAGER MUNICIPALITIES
Corrected to December 31, 1920

In The following tables the 1920 census figures have been used when available. In the column headed "plan" the letter "C" indicates that the position of manager has been created by adoption of a charter amendment, or optional state law by popular vote; the letter "C-" implies that such charter has been created by local ordinance only. The column headed "No." indicates the number of managers which a city has successfully employed. The column headed "Cities" following the namesof the managers, indicates the number of cities

each man has served as manager. The names of members of the C.M.A. are underlined. Additions and corrections will be welcomed by the City Managers' Association.
